

# Thriving Communities – Digital Nexus

December 12, 2024

**RE: Supplemental Information for Digital Nexus Project, EPA Thriving Communities Grantmaking Program**

Dear EPA Friends,

We are delighted to share this supplemental information with you, especially in order to help you visualize the Digital Nexus tools, capabilities, and impacts that we're looking forward to delivering to the entire EPA Region 8 EJ and Thriving Communities ecosystem, as well as general overview information about our organization.

Yours in community,

A handwritten signature in blue ink, appearing to read 'Aaron Perry', is written over a light blue background.

The image features a central smartphone displaying a 3D globe. To its right, there are three smaller UI concepts: a futuristic circular interface with a globe, a detailed compass with various icons, and a tree with roots growing in a barren landscape. The background is a blue and green grid pattern.

## Visionary Leadership for Planetary Prosperity

We are a growing global network of extraordinary change-makers, impact investors, philanthropists, executives, visionary leaders, entrepreneurs, community stewards, regenerators, sustainability professionals, and holistic practitioners collaborating together for planetary prosperity across the pillars of ecology, economy, culture, and well-being.

**VISION** We envision a joyful future of planetary prosperity in which our shared cultural and community fabrics are woven with kindness and compassion; our economic systems are transformed through mission-driven stewardship; and our global environments are regenerated and sustained through holistic, heart-centered awareness and action.

**MISSION** We amplify voices, elevate leaders, collaborate with mission-driven companies, and cultivate community alliances to create and mobilize transformative solutions for planetary prosperity.
